

# FIS ROLLERSKI WORLD CHAMPIONSHIPS 2013 BAD PETERSTAL | OBERKIRCH

4TH – 8TH SEPTEMBER 2013

WELCOME TO THE BLACK FOREST

# INVITATION

# BAD PETERSTAL | OBERKIRCH 4TH – 8TH SEPTEMBER 2013

On the occasion of the 2013 FIS Rollerski World Championships in Bad Peterstal-Griesbach and Oberkirch, I heartily welcome all athletes, participants, guests, locals and helpers. I am deeply honoured to be patron of this important sporting event, taking place in Ortenau.

The Black Forest and the beautiful Ortenau offer the ideal landscape for sporting activities be it on the mountains or in the valleys. Again and again significant sporting competitions such as this, take place in the summer and winter in the Ruhestein and Kniebis area up to the river Rhine. Winter sports are passionately practiced in the northern Black Forest; skiing, cross-country skiing and ski-jumping are all at home in the Bad Peterstal-Griesbach and Hornisgrinde area on a number of ski-tracks, ski-trails and ski-jumps.

As such it is remarkable that a summer sport, reminiscent of winter, is taking place in the form of a world championship in the Black Forest: In September the FIS Rollerski World Championships 2013 will make the Renchtal, Bad Peterstal-Griesbach and the Kniebis the centre of international sporting competition.

I am delighted that the German Ski Federation and the SV Schwarzwald Bad Peterstal e.V. won the bid to host the World Championships and that the large number of international guests will have the opportunity to get to know our region. For the organisers and the participating communities the hosting of such an event represents a significant challenge, as such a championship requires long and circumspect planning. Nevertheless, I am very confident that with unified efforts and exemplary volunteer commitment, the numerous helpers will overcome the challenges with flying colours and will make this event an unforgettable one for all attendees.

Minister of Finance  
Member of the German Parliament
